Heart International

Established: 2005 Frequency: Bi-annual
Current edition: Volume 15 Issue 1, 2021

Aims and Scope

- *Heart International* enables time-pressured physicians to stay abreast of major advances and opinion in cardiovascular disease.
- *Heart International* comprises balanced and comprehensive articles written by leading authorities, addressing the most important and salient developments in the field of cardiovascular disease.
- *Heart International* endeavours to support physicians, clinicians and related healthcare professionals in continuously developing their knowledge, effectiveness and productivity. The editorial policy has been designed to encourage discussion among this peer group.
- Comprehensive bibliographies for each article mean that *Heart International* is an informative and valuable reference tool for use throughout the year.
- All articles are subject to peer review, and must adhere to the ICMJE, GPP-3 and COPE guidelines.

Structure and Format

- *Heart International* is a peer-reviewed, free-to-access, bi-annual journal comprising review articles, case reports, practice guides, editorials and original research.
- The structure of each edition of the publication comprises section categories determined by the Editor. The degree of coverage assigned to each category is the decision of the Editor, and in part reflects the views of the Editorial Board. Industry-supported articles are also welcomed.
- All articles disclose any author financial and non-financial relationships and activities, along with any funding, financial support and medical writing assistance.
- Each edition of *Heart International* is published in full online at www.touchCARDIO.com

Editorial Expertise

Heart International is supported by various levels of expertise:

- Guidance from an Editorial Board consisting of leading authorities across all areas of cardiovascular disease.
- Invited contributors who are recognised authorities from their respective fields.
- Peer review – conducted by experts appointed for their experience and knowledge of a specific topic.
- An experienced team of Editors and Technical Editors.

Peer Review

- On submission, all articles are assessed by the Editor to determine their suitability for inclusion and appropriateness for peer review.
- The Editor identifies appropriate reviewers, who are selected on the basis of their specialist knowledge in the relevant area, following consultation with a member of the editorial board where necessary.
- We aim to have the final peer-review decision within 4 weeks.
- Following review, papers are either accepted without modification, returned to the author(s) to incorporate required changes or not accepted for publication.
- The Editor reserves the right to accept or reject any proposed amendments on the advice of the Editorial Board and reviewers.

Submissions and Instructions for Authors

- The Editor commissions articles with guidance from the Editorial Board, and unsolicited articles are welcomed.
- The Editor is always keen to hear from authors wishing to discuss potential submissions, and will give due consideration to any proposals. Please contact the Editor for further details.
- 'Instructions for Authors' are available for download at: www.touchCARDIO.com

Online

All articles published in *Heart International* are free to access online at www.touchCARDIO.com.

About Touch Medical Media

Touch Medical Media publishes a rich and diverse portfolio of fully referenced, free-to-access journals across the clinical and pharmaceutical arenas. Touch Medical Media aims to assist in the education and practice of healthcare and pharmaceutical professionals.

Foreword

1 Foreword

Magdi El-Omar

Consultant Interventional Cardiologist, Manchester Heart Centre and Honorary Senior Lecturer, University of Manchester, Manchester, UK

Reviews

Arrhythmia

2 Update on Etripamil Nasal Spray for the At-home Treatment of Acute Paroxysmal Supraventricular Tachycardia

Gavin S Chu¹ and Dhiraj Gupta^{1,2}

1. Liverpool Heart and Chest Hospital NHS Foundation Trust, Liverpool, UK; 2. Faculty of Health and Life Sciences, University of Liverpool, Liverpool, UK

Atherosclerosis

7 The Evolving Role of Omega 3 Fatty Acids in Cardiovascular Disease: Is Icosapent Ethyl the Answer?

Suvasini Lakshmanan and Matthew J Budoff

The Lundquist Institute for Biomedical Innovation, Harbor-UCLA Medical Center, Los Angeles, CA, USA

14 Medical Therapy for Secondary Prevention of Atherothrombotic Events in Peripheral Artery Disease

Justin T Morrison,^{1,2} Judith Hsia^{1,2} and Marc P Bonaca^{1,2}

1. Department of Medicine, Division of Cardiovascular Medicine, University of Colorado Anschutz Medical Campus, Aurora, CO, USA; 2. Colorado Prevention Center (CPC) Clinical Research, Aurora, CO, USA

Cardiovascular Disease

20 The Role of Riloncept in Recurrent Pericarditis

Saberio Lo Presti,¹ Tarek K Elajami,² Reza Reyaldeen,¹ Chris Anthony¹ and Allan L Klein¹

1. Center for the Diagnosis and Treatment of Pericardial Diseases, Section of Cardiovascular Imaging, Robert and Suzanne Tomsich Department of Cardiovascular Medicine, Sydell and Arnold Miller Family Heart, Vascular and Thoracic Institute, Cleveland Clinic, Cleveland, OH, USA; 2. Columbia University Division of Cardiology, Mount Sinai Heart Institute, Miami Beach, FL, USA

26 Dual Antiplatelet Therapy in Patients with High Cardiovascular Risk

Clifton Espinoza and Debabrata Mukherjee

Division of Cardiovascular Diseases, Department of Internal Medicine, Texas Tech University Health Science Center El Paso, El Paso, TX, USA

Reviews

Devices

37 **The ACURATE *neo*[™] and *neo2*[™] Valve Systems**

Michael J Reardon

Department of Cardiovascular Surgery, Houston Methodist DeBakey Heart and Vascular Center, Houston, TX, USA

Heart Failure

42 **Sodium–glucose Cotransporter 2 Inhibitors’ Rise to the Backbone of Heart Failure Management: A Clinical Review**

Namit Rohant¹ and Jamie LW Kennedy²

1. Advanced Heart Failure and Transplant Cardiology, University of California, San Francisco, CA, USA; 2. Inova Heart and Vascular Institute, Falls Church, VA, USA

49 **Ambulatory Management of Worsening Heart Failure: Current Strategies and Future Directions**

Alison L Wand,¹ Stuart D Russell² and Nisha A Gilotra¹

1. Division of Cardiology, Department of Medicine, Johns Hopkins University School of Medicine, Baltimore, MD, USA; 2. Division of Cardiology, Department of Medicine, Duke University School of Medicine, Durham, NC, USA

Myocardial Infarction

54 **Comprehensive Review of Complete Versus Culprit-only Revascularization for Multivessel Disease in ST-Segment-Elevation Myocardial Infarction**

Robin Jacob,¹ Ayaaz K Sachedina² and Sachin Kumar¹

1. Division of Cardiology, University of Texas Health Science Center at Houston, TX, USA; 2. Libin Cardiovascular Institute, University of Calgary, Calgary, Alberta, Canada
